Are you going to let it pass by or are you going to take full advantage of it? The Interior Journal is offering YOU the greatest list of prizes ever given away in a similar newspaper campaign in this section of the state and all the prizes are offered under the most liberal arrangements so it will not be at all hard to win any one of them.

Enter The Big Contest Today.

Take advantage of this splendid opportunity to win the Leland Piano or a Tour to the Panama Exposition, or one of the other twelve vacation trips. It costs you nothing to enter or try for the prizes. The contest will not interfere with your school, employment or home life and will not require much of your spare time. In fact if you wish, you can conduct practically your whole campaign by mail and the contest manager will furnish you letters already printed to send out to your friends. The hardest part of a campaign of this kind is to get started but after you do and your friends learn that you intend to make an active race, they will be glad to help you and you will have no trouble in securing votes and subscriptions. Do not put the matter off any longer, but commence your campaign today.

Send For The Printed Matter.

If your name now appears on the list or if you are a prospective candidate who has been thinking of entering, write the Contest Manager, saying you wish to make an active race and he will send you printed matter and full instructions for conducting your campaign. Do not be afraid of the long list of nominations which appear in the paper. Very few of these candidates have yet made a start and so far, we have more prizes than active workers. With the exception of the capital prize, contestants need only compete against those in their own district for any of the prizes. We invite nominations from popular and ambitious candidates in both districts. There is a splendid opportunity for live candidates to enter and pick up one of the prizes very easily.

Best Time To Start.

Right now is the best time in the whole contest to commence your campaign for the Big Travel Tour and Prize Offer of the Contest is now in force and you get three times the usual number of votes on all subscriptions. Under this increased schedule, votes on subscriptions count up very rapidly and with a very little effort new candidates can gain a lead in a short time. Below is given the details of the big vote offer.

The contest has been slow in starting and in order that new candidates may get a good start in the big race, we have decided to put on the Contest and Best Vote Offer at once instead of later in the contest. Those whose names now appear on the list and those who have been thinking of entering will find no better time to start their campaign than RIGHT NOW. With the BIGGEST AND BEST VOTE OFFER OF THE CONTEST now in force you get more than three times the usual number of votes and with a very little effort you can easily gain a lead in the big race. Here is the offer below.

The Big Votes.

Triple votes will be given on both old and new subscriptions turned in before Thursday, June 3rd. In addition to this big vote inducement, we will give 2,000 Extra Votes on every dollar's worth of new subscriptions turned in before Friday, May 28th, at 9 P. M. Read this over carefully for it is really one of the best. The schedule below includes all extra votes. Subscriptions sent by mail will be accepted and counted under this big vote offer if the envelope containing same is postmarked not later than 9 P. M., May 28th. This gives candidates living at a distance an equal chance with those living close to town.

ROUTE OF BOONE WAY PLEASES ALL PARTIES

**Final Location Is Made at Largely
Attended Meeting at Crab Orchard Friday.**

The route of the great Boone Way is settled, and the dream of James Maret, of Mt. Vernon, is about to become a reality. Final selection of the route was made at a largely attended meeting of representatives from all counties affected at Crab Orchard last Friday. Estimates were made that fully a thousand people were present, and all were enthusiastic good roads advocates. They came from far and near and Crab Orchard threw open her gates to give room greeting to all the visitors. The special Reception Committee was named to make the guests welcome and each did his part. The committee was headed by R. L. Collier, H. G. Skiles, W. E. Perkins, J. B. Willis, George Lyne, L. L. Sanders, J. Th. O'Connell, John L. Kennedy and a bunch of other live East End boosters and they did their work well.

The delegates came mostly in automobiles and from late Thursday afternoon up until noon Friday all pikes leading to Crab Orchard were literally lined with motor cars headed toward the Springs. Fully 200 autos were parked about the famous springs hotel when the formal session was called to order in the afternoon.

The meeting at Crab Orchard was, in effect, a continuation of the routing done at the first meeting of the Boone Highway Association held at Mt. Vernon a few weeks ago, when the route was located as far as Harrodsburg. Some expectation was held that the meeting at Harrodsburg would develop over the routing of the Boone Way from the capital of Mercer on to Louisville, but by a happy compromise suggested by the Fayette and Franklin counties delegates an amicable arrangement was reached by which a harmonious meeting and agreement in every way was obtained and all delegates left the meeting happy.

As officially and finally settled by the meeting at Crab Orchard, the Boone Way is as follows: Beginning at Cumberland Gap to Middleboro, to Pineville, to Barboursville, to Corbin, to London, to Mt. Vernon, to Crab Orchard, to Stanford, to Danville, to Harrodsburg, to Lexington, to Louisville. What will be designated as the eastern loop will run from Harrodsburg to Nicholasville, thence to Lexington, thence to Versailles and Frankfort; the western loop will go from Harrodsburg to Shelbyville, thence to Frankfort, both loops converging at the State capital, the burial place of Daniel Boone and his wife; from Frankfort the route proceeds over the old State pike to Shelbyville, thence to Louisville, the western terminus.

This route was selected by a unanimous vote of the delegates present, each county affected being represented by two voting commissioners as well as a host of boosters. Fully 1,000 persons were present and they taxed the capacity of historic old Crab Orchard Springs for entertainment. The big majority came through in automobiles and hundreds of these were parked about the beautiful grounds.

President James Maret, of the Boone Highway Association, called the meeting to order in the afternoon. The assembly room at the springs hotel was too small to hold the crowd which had gathered to witness the session. An eloquent address of welcome was made by W. B. Hansford, of Crab Orchard, which was responded to by Emmet Puryear, of Danville, Edgar Albright, of the Mt. Vernon Signal, and other speakers. The session was closed by Guy Fish, secretary of the association, as secretary.

A call of the counties represented by voting commissioners showed the following with two votes each: Jeffersonton, Shelby, Franklin, Madison, Fayette, Jessamine, Anderson, Mercer, Boyle, Garrard, Lincoln, Rockcastle, Whitley, Knox and Bell. These commissioners then adjourned to the private assembly room to consider the Boone Way as set out, was then carried by a unanimous vote, was then carried by a unanimous vote.

Upon motion of N. L. Curry, of Mercer county, the chairman of the commission, and President Maret were empowered to name a committee to organize formally the Boone Highway Association by the drawing up of a constitution, by-laws, etc., to be reported back at a later meeting. This committee was named as follows: James Maret, ex-officio chairman; N. L. Curry, of Mercer; K. S. Alcorn, of Lincoln; H. V. Bass, of Garrard; J. M. Alverson, of Anderson and R. M. Allen, of Fayette.

The official resolution as adopted by the commissioners and which located the route from Harrodsburg on, read as follows: Whereas, It is in the interest of Kentucky and tourists through Kentucky that as many towns as possible be located on the Boone Highway regardless of material mileage, now therefore, be it, Resolved, That it is the same of the commissioners of the Boone Highway Association that at this meeting further routing be definite designated as follows:

From Harrodsburg, to which the route is now designated, the route will constitute the Blue Grass Loop of the Boone Highway, the east fork of which shall proceed through Nicholasville, Lexington, Versailles and Frankfort; and the west fork of which shall proceed from Harrodsburg to Lawrenceburg and thence to Frankfort, capital of Kentucky and the burial place of Daniel Boone, and thus constituting a loop to be known and designated as the Blue Grass Loop of the Boone Highway, east and west forks, respectively. Pike County Dry by 4,000.

The local option election for Pike county Saturday resulted in a complete victory for the "drys." Out of 27 precincts, 25 gave the drys 3,995 majority. Knox and Magestic precincts polled only two "wet" votes each. Only fifty-seven liquor votes were cast in Pikeville.

NO TRUTH IN REPORT That He Will Withdraw, Says Keenon— Danville Court Day "Dope."

A small crowd attended court at Danville Monday and things generally were dull save in the political line. No cattle were offered at the pens and very few private deals were made. There was some activity in the horse and mule market and several changed hands at \$120 to \$165. Buyers for war horses were present and the demand far exceeded the supply. The cold, dry weather caused the farmers to feel blue over their crop prospects and they were not in high feather. Considerable damage to corn and other crops by cut worms were reported from several sections. The candidates for circuit judge and commonwealth's attorney were all on hand and did lots of hand-shaking and log-rolling. The two Charles Foxes and Hardins were well pleased with the day's work and each told the I. J. man that he would win the nomination. Lincoln county's candidate for commonwealth's attorney, J. S. Owsley, who by the way, is spending the balance of the week in Mercer, was more than satisfied with the day. He had many assurances of support, some coming from sources which were agreeably surprising to him. Emmet Puryear, Boyle's entry, was on the job all day and reported excellent success. Rodman Keenon, of Mercer, denounces as a fabrication, pure and serene, that he has any idea of withdrawing from the Commonwealth's Attorney's race and running for clerk of the Court of Appeals. He is in the race to stay and he talks as if he is confident that his name will go on the ballot this fall.

There was no candidate for State offices on hand, but Bob Elkin, of the Lancaster Record, was distrib- uting bills announcing Owsley Stan- ley's speaking at Lancaster Monday and doing some "big" talking for his candidate.

Very few Lincoln county people were at court and fewer from the West End than in years. Mercer had a big representation but it seems that they just "happened" to come and did not do so for any particular purpose or because of any organized effort. The Welsh & Wiseman Co.'s building, being rapidly raised and soon the foundation for their magnificent four or five story business building will be laid. It will be of terra cotta brick, a beauty in every way and a marvel of convenience.

Owen McIntyre, who is getting up stock and doing up a hotel for Danville, reports fine success. It is understood that \$15,000 in donations is required and Mr. McIntyre has more than two-thirds of the amount pledged. It is stated that Malcolm Weisger, owner of the old Clemens Hotel, will improve the building and make a modern hotel of it, giving "Little Britain" two good hotels instead of none.

In the prearranged primary Saturday, W. S. Fitzgerald defeated R. D. Bruce for chief of police by 100 votes. Tom Reed, guard at the stone quarry, was knocked down with a shovel by one of the men he was guarding Saturday afternoon and painfully wounded. The man who dealt the blow is named Frank Moore and was serving time for stealing. Several of the prisoners, including Moore, made their escape, but the latter and one other were captured.

HIGH SCHOOL NOTES

The Tennis Club have put their court in fine order and are very enthusiastic in their playing. Several will be placed near the court and the Club will be glad to have those interested come and watch the games. The Bach Club and the Mozart Club have had examinations on their parts. The papers were graded by Miss Mary Higgins and she reports them very good papers. Judging from the sounds coming from the music and expression rooms we think preparation for commencement is on and no joke.

The Mozart Club will entertain the faculty and the Tennis Club Saturday afternoon with a tennis party. The Bach Club recital Monday night, the 25th, is the last to be given by the Club as a student body and it gives promise of being the best ever given. The Club will be assisted by Mrs. D. S. Bromley, violinist and four students from the College of Music, of Cincinnati: Misses Catherine Gregory and Elizabeth Higgins, voice; and Miss Lissa Holtschaw and Mr. Harry Reinhardt, piano.

After all expenses are paid, all door receipts for the recitals given during commencement will be used for the benefit of the Expression and Music Departments. George W. Spangler Passes Away. George W. Spangler, a splendid citizen and ex-Confederate soldier, died at his home near Crab Orchard Sunday night, aged 85 years. Mr. Spangler came to Lincoln county from Lee County, Virginia, a number of years ago, and since then had resided on his farm in the East End. He was a gallant soldier and honorable and respected citizen; a consistent member of the Baptist church and will be mourned by many warm friends. Besides his wife, who was a Miss King, he is survived by five children, six sons and three daughters. Funeral services were conducted at his home this afternoon at two o'clock by Rev. J. B. Jones, after which the remains of this good man were laid in their last resting place in Crab Orchard cemetery.

Sick Headache.

Mrs. A. L. Luckie, East Rochester, N. Y., was a victim of sick headache and despondency, caused by a badly weakened and debilitated condition of her stomach, when she began taking Chamberlain's Tablets. She says, "I found them pleasant to take, also mild and effective. In a few weeks' time I was restored to my former good health." For sale by all dealers.

The Governor of Georgia received appeals from 75,000 persons asking for life sentence for Lee Frank.

HUSTONVILLE.

Eleventh Commencement of Hustonville High School is notable in excellence of every detail. Rev. A. H. Baugh's baccalaureate sermon has been pronounced by every competent critic, a brilliant classic in that long gleaned field of allegory and advice. Rev. H. L. Calhoun, of Transylvania, delivered a finished class address. His subordination of interests and convenience to that service is testimonial of his fraternal self-dedication. Graduation essays were distinctively without the musty adjectives, phrases and platitudes a familiar feature of such literature, evincing independence and originality. Miss Mary Peavhouse read a valedictory of pathos and pertinence which was of rare magnetism to crowded auditorium and aisles at the large Christian church. Professor Robinson and talented associates have displayed superior qualifications for their work and the large percentage of the enrollment which "passed" on examination. In award of diplomas Professor Robinson's abjuration of self-exploitation was refreshing in its modesty.

The entertainment given by the pupils of the school here on Thursday evening deserves much praise. The house was crowded and a splendid program was rendered. The music part of the program which was given by Miss Anna Floyd was enjoyed very much. The proceeds of this entertainment will go to help pay for the school piano.

Will Peavhouse, of Jackson, is here visiting parents and friends and to attend commencement of alma mater. Bowman Myers came over from college at Lexington to enjoy commencement festivities. Miss Allie Yantis, of Lancaster, has restored Hustonville to her select list, and is welcomed with cordiality, which should be rewarded by oftener and longer visits.

Miss Bernice Allbertson, of Tennessee, is a charming guest of her cousins, Misses Peavhouse. Dr. W. Allen, of Waynesburg, is a familiar and most welcome personality here, just now. Will Wolford has yielded to solicitations of city fathers and donned the badge of Chief of Police.

Keepers of our pound is a humanitarian, who can be depended on to faithfully consider and administer to physical comforts of all estrays, even to milking such cows as can't report promptly at the home gap. Adams Bros. have a well annexed near by complete which will be a long crying want of a ladies' lunch parlor.

There are heroes and heroes but none so great as he who giveth his life for fellow being. With what reverence do we uncover head and think God for such heroism as young Vanderbit and Archie Butts, who gave their lives that others might live. Again there are patriots and patriots. What contrast between Taft and Teddy! The defeated candidate for presidency of the one Nation, Mr. Taft generously and humanely commends the pacific policies of President Wilson, whilst Teddy's blood-thirsty erupts in clamor for war rapine and murder.

Millions of American lives, billions of money are mere bagatelles when weighed against Teddy's prejudices and sentimentalities. But blood and biggest game interest the butcher. HUSTONVILLE. Response to a hurry call by our alert and efficient Road Engineer with a carload of bridge material, found it a cry of "wolf! wolf!" but a patch of small hole needed. A case of three black horses. Isn't the County Road car a beauty?

Reports from Crab Orchard produced an atmosphere of gloom to us who failed to attend the road convention. Miss Isa Floyd is back after almost a year in Arizona. Take High School Examinations. Examinations of the graduates of the county common schools for admission to the high schools will be held Saturday by the County Board of Examiners. Twenty-two white pupils took the examination and two colored pupils. The list of those examined was as follows: Frank Cordier, Carl and Franklin Ashland and Vaughn Spooner, of Rowland; Mamie Brown, of King's Mountain, Keith Ellis and Carl Timberlake, of Moreland; Mae Gover, of Hubble, Ila Hunter, of Crab Orchard, Pat Tanner and Stella Peck, of McKinney; Jessie D and Bettie Peak, of Turnersville; Nellie Davis, of McCormack's Church; Edith Lyons, Ruth Fields, Sylvia Farmer, Margaret Lynn, Isabella McCormack, Tabitha Martin, Sara Sampson, near Stanford; The two colored candidates for examination were Emma Anderson and Mary Ellen Thomas.

Texas Swept By Floods.

Another heavy rain swept Central Texas recently, and the Colorado River and smaller streams, were swollen out of their banks. No deaths were added to the twenty-one killed there last week, but a score of persons are still missing. In Austin the rain was so heavy as to damage materially streets and bridges. Persons in the lowlands had to flee before the rising waters. The property loss in the State totals many millions.

Bond issue for good roads. Less than 2,000 votes were cast.

\$500 SADDLE STAKE

FEATURE THIS YEAR

**Premium For Swine Will Also Be
Increased And Splendid List Is
Offered By K. of P. Fair.**

The directors of the K. of P. Fair to be held at Stanford three days, beginning Aug. 18, had an important meeting Saturday afternoon and what business they did not get through with, they will endeavor to finish up at the meeting next Saturday afternoon. The premium list was completed and is in the hands of the printer. It is hoped that it will be ready for distribution by the last of the week. The catalogue will be issued later. It was decided to continue the one-judge system, which has heretofore given universal satisfaction, and the secretary was ordered to engage the service of two of the best judges of horse flesh in the State. This is the more expensive way, as two judges are required and their salaries and expenses will be some \$25 or \$30 a day. Admirers of hogs and owners of hogs will be glad to learn that more than twice as much money will be given as premiums for that class of stock this year as last. Many rings are added and it is intended to make this department a feature of the exhibition. A judge from a distance, who knows all the good points about swine, will be secured for the hog show.

There will be a colt stake this year, as was last, and a premium of \$100, divided in five moneys, will be given. There must be as many as ten entries and they must all be in by July 1st. The colt stake is always an interesting ring and this year's promises to be no exception to the rule. A saddle stake, for the best saddle stallion, mare or gelding, any age, will also be found in the premium list. The association hangs up \$500 for this, and as usual, it will be divided. The entries to this will close July 1st and there must be ten or more of them.

Two hundred and fifty dollars will be given in the harness stake for the best harness stallion, mare or gelding. The conditions of the stake are the same as those of the others. Liberal premiums are offered in all of the rings and they will be worth going after by the best stock there is in the State. The concessions are being sought by various sorts of entertainers, and there will be a number of free attractions. The fair grounds will be put in the pink of condition by the ground committee, which will begin its work in a short while. Very little building will be necessary this year, but such straightening and cleaning up will be done.

The committee on special premiums reported good work and the reports of other committees showed that the gentlemen composing them have buckled down to business and are determined that this year's fair shall be the greatest in history of the association. L. & N. May Change Its Course. In conversation with a gentleman who has been in the employ of the L. & N. for over thirty years, Sunday we were informed that it is not improbable that that company would change the course of the Knoxville division. He said that by building a short line from Springfield to connect with the road somewhere south of Lebanon, the company could save between fifteen and twenty miles between Louisville and this city. The L. & N. has made many improvements on the Bardstown and Bridgeville division, bridges strong enough to run the heaviest engines over have taken the place of the old ones and grades have been cut down in several

The people of the United States have learned that they are safe in leaving it to Wilson. Not only are they safe, but the honor of the nation is safe in his hands. There have been times since he has been at the head of the nation that his course seemed bordered on the puritanical, but the hot heads, the impetuous fellows have nearly all come around to the conclusion that he was right in not precipitating war with the Germans. He has acted wisely again in allowing plenty of time for public sentiment against Germany to build and simmer down before he took action. It would be ruinous for the United States to become involved in war with Germany—commercially ruinous. But of all arguments against it this is the most insignificant and unworthy. Persons and nations fight for honor and not for money. And if we stand upon the threshold of a great prosperity; it is ours to have if we steer clear of the fracas. In the meantime the American people may trust with implicit faith the judgment of the President, and may abide with patience his every act, be the question involved great or small. President Wilson is the greatest man that has ever been at the head of the nation in many decades and it was a great day for the country when the people in their wisdom put him there.

The twenty-four divorce suits on the docket of Court which begins here Monday, do not speak well for the marital relations in the good county of Lincoln. That that many couples should have found marriage a failure is a sad commentary on those involved. The solemn bonds of matrimony are frequently entered into without thought and unhappy unions follow. This unusual number of divorce suits, however, should not defer those contemplating marriage, but should make them consider better the partner they take to travel life's journey together. For "Marriage rightly understood, brings to the virtuous and the good A Paradise below."

The official route of the Boone Way has been settled and all the counties interested have reason to feel happy and well satisfied. A tremendous amount of interest in the cause of better roads has been aroused by this movement, and the credit for it is due to a humble mountain man who had the courage and the energy to go in and fight alone and single-handed until his enthusiasm has spread and all the state is interested and alive to the great cause. He has advocated means to all. Our hats are off to James Maret, of Mt. Vernon.

LATEST WAR NEWS

Germany is expected to reply to the American note before the end of the week. Washington dispatches state Ambassador Gerard was given no intimation of the attitude of the German Government. The German and Austrian Ambassadors in Washington are showing much activity, and are understood to be urging Germany to suspend submarine attacks until the questions in controversy with America are settled. The German press has been directed not to discuss the American note.

Field Marshall Sir John French informed the British people that their troops again had assumed the offensive after a fortnight spent in hurling back the German attacks and had swept across and captured all German trenches to the south of Richebourg-L'Avoué over a two-mile front. The British forces captured 1,000 prisoners and the French troops captured 650.

In the East Vienna reports that Sunday passed without much activity.

A homeward bound Zeppelin, returning from a raid on England, was attacked as it reached the Belgian coast. The big gas bag is reported to have been damaged.

The strain of waiting for definite news of Italy's intentions with regard to the war has been somewhat relieved by the statement that nothing further is to be done until Parliament meets next Thursday. Meantime special trains are reported to be in readiness to take the German and Austrian Ambassadors out of the country. The German press is plainly gloomy over the situation.

Joao Chagas, the new President of the Portuguese Cabinet, was shot four times by Senator Freitas, who in turn was killed by gendarmes. Chagas died later of his wounds. Reports from Madrid say that fighting had broken out afresh in Lisbon and that warships are bombarding the city.

CARTHAGE WOMAN TELLS HAPPY STORY

Mrs. Laura Duke of Carthage, Tenn., was a victim of stomach disorders for several years. She lost appetite and her weight fell off. She could not rest at night.

She took Mayr's Wonderful Remedy—just a few doses—and found herself restored.

In fact, Mrs. Duke's recovery was so rapid she was afraid that it could be only temporary. So she waited from September, when she took the remedy, until the following February to pass judgment. Then she wrote:

"I write you in regard to your wonderful stomach remedy that I took last September. I feel better than I have in five years."

"My weight was 127½ pounds; now it is 147½, and I can eat anything I want. I sleep well at night. I would have written before, but I wanted to see how I got along."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on the absolute guarantee—if not satisfactory money will be returned.

The visible results were not as great as were hoped but the church members, so much, in fact, that it was decided that the church would employ a pastor as soon as one could be secured. Dr. Trostle was much pleased with the Madison county people and says he heartily enjoyed his stay in their midst.

Simple As Saying It; Never Fails.
It does your heart good to see how easily and quickly any corn comes out when you put "GETS-IT" on! And then you're gone along for years trying

everything, when you've sat up nights wrapping up your toes in bandages, anointing on salves that rub off or swell up the corn, pasting on cotton plasters that make corns pop-eyed, slaughtering your toes with razors, jabbing them with knives and prying to the quick with scissors—and then you put on 2 drops of "GETS-IT" and see your corn fall right off—why, it just looks like a miracle. Just try it. "GETS-IT" never fails. No pain, no trouble. Use it for any corn, callus, wart or bunion.

SAM EMBRY THE STAR
OF Intercollegiate Athletic Meet at Lexington Saturday.

The athletic team of the Stanford High School covered itself with glory at the intercollegiate track meet held at Lexington under the auspices of state University Saturday. Out of 22 schools participating, only three finished ahead of Stanford, and all three were from large cities, Louisville, Lexington and Paducah. And while Stanford was the winner of the medal for the individual star of the meet, Supt. W. C. Wilson took over only four men to the meet, Sam and Joe T. Embry, Clinton Coleman and Will Woods, and they deserve great credit for the splendid showing they made. The Lexington Herald gave this summary of the meet:

That the meet was very close is shown by the fact that the winner of the individual medal, S. Embry, of Stanford, had a total of only ten points out of a total of 117, he being the only man to win two first places. Simmons, of Richmond, who was the only man representing his school, was second in the individual contest with nine points.

Only one disqualification was given in the meet, Joe Embry, of Stanford, being the unfortunate one. He turned over three hurdles in the 220 hurdle race, and though he finished third was disqualified on this account.

The score of the different high schools taking part in the meet Saturday follows:

Louisville Male, 27 1-5; Lexington, 19 1-5; Paducah 18; Stanford 14; Richmond 9; Springfield 6 1-2; Anderson county, 6 1-5; Hardinsburg, 5; K. M. I. 5; Bellevue, 4 1-5; Somerset, 1 7-10; Ashland, 1. Total 117.

The leading individual stars and the scores they made were:

S. Embry, Stanford, 10.

Following is the summary of the different events:

He Lacked Experience.
The black sheep of the regiment stood before his commanding officer charged with being drunk. He stoutly denied the offense, and there was no evidence to prove his guilt. However, the records showed eleven previous convictions for the same offense.

"You are a hardened and habitual offender," said the captain, sternly. "I can take your denial against the sergeant's word."

The prisoner turned to the sergeant witness, and asked, "Have you ever been drunk?"

On receiving an emphatic negative, he turned to the captain again.

"Sergeant says I was drunk; I say I wasn't. I ask yer captain, which is likely to be right—him what's 'ad no experience of what being drunk is, or an 'ardened and 'abitual like me?"

Deafness Cannot Be Cured.
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by the use of the "Cure-It" medicine. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when this is only closed deafness is the result, and unless the inflammation can be taken out and this tube restored to normal condition, hearing will be destroyed forever; since cases out of two are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give one Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O.

Sick Women Made Well

Reliable evidence is abundant that women
are constantly being restored to health by
Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—MRS. TILLIE WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OKLA.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—MRS. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

KNIGHT TEMPLAR CONCLAVE

At Danville Next Week Will Be One of Biggest Affairs in State.

The biggest affair and the largest gathering of people in this part of the state in years will be the annual Conclave of the Grand Commandery of Kentucky Knights Templar at Danville next week. The conclave begins Wednesday, May 26th, with a parade and drill at four o'clock, and thousands of people are expected to be present. Every hour is filled with some sort of entertainment for the host of visitors, receptions, dances, band concerts, drills, auto rides and other features. The Grand Commandery of Danville is making elaborate preparations and is sparing no expense. It is figured that at least \$2,500 will be spent to make the affair the big success that it is going to be. The members of Ryan Commandery are working like beavers, and will have things in tip top shape by the time the visitors begin to arrive. Stanford members of old Ryan are co-operating in every way possible, and Lincoln county Knights Templars and their friends will be on hand from beginning to end. Among the members of this great order in this county are the following: T. W. Pennington, E. R. Coleman, J. N. Menefee, Jr., G. L. Penny, Shelton Sauley, W. H. Overstreet, R. H. Coffey, C. Coleman, R. G. Hampton, E. J. Tanner, F. M. Ware, S. M. Owens, G. D. Weatherford, Chas. Wheeler, J. Thomas Cherry, J. F. Dudderar, T. H. Singleton, W. H. Mueller, Ras Allen, D. B. Southard, David Thomas, Cleo Thomas, J. B. Willis, Walter Carson.

Put A Bet On Him.

Don't poke fun at the boy who comes in from the forks of the creek, with seeds in his hair and mud on his face, patches on the north department of his pants, and just one galling on. He may look seedy now, but ten years from now he may be president of some bank, pastor of some church, judge of some court, or physician to some people. Just because a boy lives in town, wears two kinds of socks, parts his hair in the middle, sucks a cigarette, curls his hair on his mother's curling tongs, and has a daddy with spondylitis, or bun, that is no sign that he is going to run this country in the future. We'll put our money on the sound, sane and sensible boy from the forks of the creek.

The Daughter's View.
The minister was dining with the new styles in dancing. Turning to the daughter of the house, he asked, "torrly."

"Do you yourself, Miss Fuller think the girls who dance these dances are right?"

"They must be," was the answer, "because I noticed that the girls who don't dance them are always left."—Ladies' Home Journal.

good success, defeating the aged

one of the finest colts ever foaled in

Poultry Keepers Read This.

The publisher is now a commu-
nication from Mr. Riekey, State
Agent in Poultry Club Work, entitled
Sell, Kill or Confine the "Rooster."
Because roosters are allowed to run

with laying hens during warm wea-
ther \$15,000,000 worth of eggs are
lost to the farmers throughout the
United States each year; and most of
this loss occurs during June, July and
August. For this reason raisers of
poultry are earnestly asked and urged
to kill or sell all matured males or
confine them in pens away from the
laying hens during the summer. Eggs

that are laid by hens not mated are
sterile or infertile, and do not decay.
The fertilized eggs spoil very quickly
when subjected to the influence of
heat and if they are left too long in
the nests or under broody hens or are
left in any very warm place the germ
cells may die at any stage of develop-
ment due to unfavorable conditions.
Whether the embryo dies or not, the

egg is useless as food and is unfit for
market. If the wives of the farmers
would once realize how much money
they practically lose by allowing the
roosters to run with the layers, they
would immediately stop the practice.
Not one egg more is produced with a
male running with a flock of hens
than without one, and unless the
roosters are valuable as breeders, it

is far better to dispose of them at the
end of the breeding season and re-
place them with the younger stock
the following spring. If we follow this
plan we can always have good, strong,
vigorous cockerels (young roosters)
for breeders, and at the same time get
rid of the care of non-producers. Let
us at least make the most of what we
possess.

Maxwell Wins Test Over 40 Cars

Result of the great Yale University Sheffield Scientific School Test.
Of the forty automobiles tested at the famous Sheffield Scientific School
laboratory the Maxwell stands first in economy of Gasoline consumption.

The Motor Car Company,

New Haven, Conn.

Gentlemen:-

I am enclosing report of test of your Maxwell automobile recently made in
our laboratory.

I should like to add the following comments:

1. RELIABILITY OF TEST.

A preliminary test was made on April 19th, using a new car which was rather
stiff. The showing was so good that we decided to make a second test. This was made
on April 30th, using same car. On this test, the car showed less stiffness and the
performance was better than on the first car. The second test was supervised by our
most careful experts, and the results, I believe to be perfectly reliable.

2. MILEAGE.

The efficiency of the Maxwell automobile as indicated by the number of miles
on a level road, is exceptionally high. This mileage record is better than that of any
one of forty automobiles tested in our laboratory to date.

3. MOTOR PERFORMANCE.

The efficiency of the motor and carburetor as indicated by the pounds of gas-
oline used per hour per horse-power at rear tires, is exceedingly good, and indicates
very perfect carburetor action over the whole range of speed and load. This record
like that on mileage per gallon, is the best one that we have had.

Very truly yours,

E. H. Lockwood
